

# HOSPITALITY.

the success of housing or entertaining guests can be gauged by the subtle attention to detail and the perceived consideration for their well-being

Clearly Clean Water can be used as a **distinctive competitive advantage** to help your company save money, and more importantly impress your guests to where they instinctively communicate this across social platforms.

## Hard Water Descaler

THIS changes the molecular construction of hard water minerals

## UV Water Disinfection

THIS disinfects your entire water supply from harmful pathogens

## Water Filtration

THIS removes over 600 contaminants from your water supply

Our philosophy is to foster a strong association between how *Clearly Clean Water* will have a healthy biological influence on our bodies and preventative repairs and maintenance to our homes and businesses.

# Vulcan Electronic Hard Water Descaler

THIS changes the molecular construction of hard water minerals

70 Countries Worldwide | Eco-Friendly | Salt Free | Maintenance-Free

## Vulcan Fights Against Hardwater Scale and Rust

**Stops** the natural elements found in water from depositing rust and hard water scale in pipes, cooling systems, kitchen equipment, pools, and whatever your water supply touches

**Gently sanitizes** your water pipe system and whatever your water touches; by breaking down rust, scale and limestone deposits on a molecular level and removing these elements safely through natural water flow

**Protects** your piping, equipment and whatever else your water touches from corrosion and perforation damage caused by hard water elements

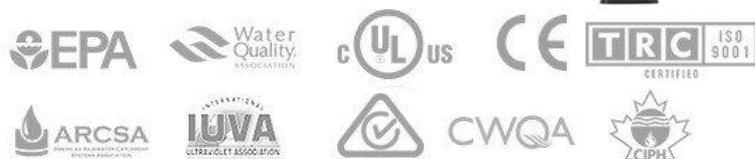

Our philosophy is to foster a strong association between how *Clearly Clean Water* will have a healthy biological influence on our bodies and preventative repairs and maintenance to our homes and businesses.

# Viqua Potent Ultraviolet Disinfection

**THIS** disinfects your entire water supply from harmful pathogens

DOES NOT affect pressure, change the taste or odor of your water  
1+ year UV lamp lifespan | Inactivates micro-organisms' DNA

## Disinfect Your Guests' Water Without Using Chemicals

**Inactivates** pathogens in your entire water supply rendering them incapable of causing harm and illness

**Protects** your water against micro-organisms; in particularly the dangerous chlorine-resistant protozoan parasites *Cryptosporidium* and *Giardia*

**Provides** peace-of-mind knowing your location's water is truly clean before guests or staff consume it through food preparation, room facilities, or by any other direct contact

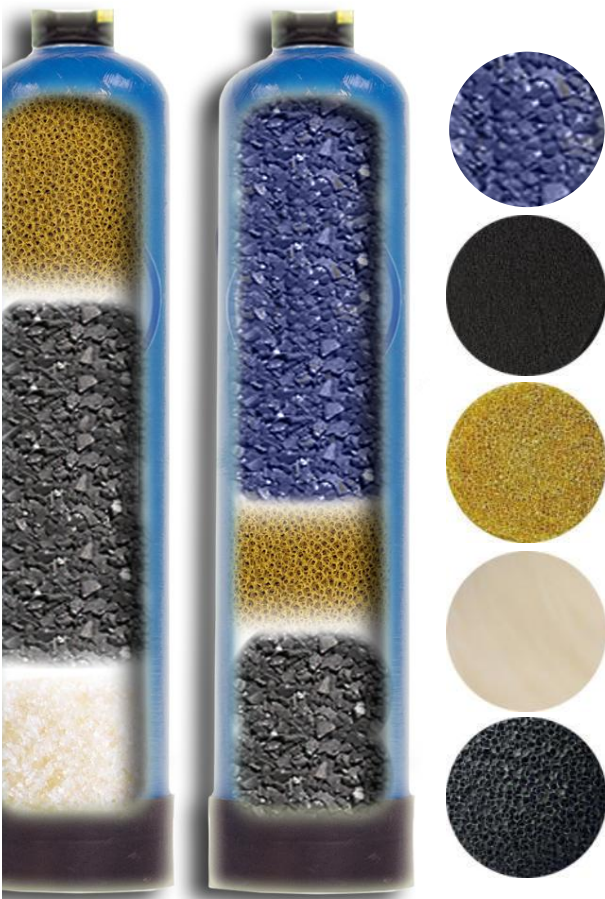

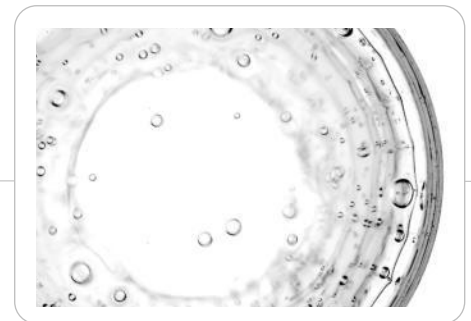

Our philosophy is to foster a strong association between how *Clearly Clean Water* will have a healthy biological influence on our bodies and preventative repairs and maintenance to our homes and businesses.

# CuZn Water Filtration System

**THIS** removes over 600 contaminants from your water supply

VIRTUALLY no drop in pressure, ability to remove 600 contaminants

1-5 year filter lifespan | Recyclable media with no wasteful backwashing

## Impress Your Guests with Impurity Free Water

- ✓ **Filter** out Chemicals, Volatile Organic Compounds and other contaminants using patented technologies developed and manufactured in the USA
- ✓ **Saves** your company money across every aspect of owning a commercial water filtration system as very little maintenance is required
- ✓ **Helps** the environment by eliminating waste water backwashing and recyclable filtration mediums

Our philosophy is to foster a strong association between how *Clearly Clean Water* will have a healthy biological influence on our bodies and preventative repairs and maintenance to our homes and businesses.
